Welcome to Priesty Fields Care Home

We're delighted to welcome you to our brand new care home in Congleton.

Our 78-bed luxury care home is set to open in the summer. We're not just a care home; we're a care community, offering residents endless opportunities to personalise their experience.

We're incredibly fortunate to be surrounded by beautiful countryside views, yet close enough to the town centre for a healthy balance of relaxation and stimulation.

Our wonderful on-site team members are passionate about delivering person-centred care in a friendly environment, promoting dignity and independence always.

About Us

At Priesty Fields, we're passionate about improving the lives of our residents and the local community. We're not just a care home; we're a care community, offering residents endless opportunities to personalise their experience.

Handsale Care Homes, the incredible care group that made our home possible, is the proud owner of multiple care settings across the United Kingdom – from Lancashire to Port Talbot in Wales – and now expanding its care journey to Congleton in Cheshire.

At Priesty Fields, we're thrilled to be located in the heart of Congleton – a beautiful market town that bursts with heritage. Our interiors are designed to complement our surroundings, boasting modern and contemporary features to reflect the timelessness that Congleton holds so close to its heart.

We're passionate about delivering compassionate, person-centred care, whilst empowering residents to continue living as independently as they can. Our dedicated team offers residential, nursing, residential and respite care to the wider community, and is proud to have the necessary skills to tailor professional care services to the most intricate of individual needs.

Inspired by our local surroundings, our branding and design reflect the very best and traditional aspects of our community. Our logo, in particular, is proudly inspired by Cheshire's famous cuckoo flower.

Our Facilities

At Priesty Fields, we've designed our facilities to support mental, physical and emotional wellbeing, as well as cognitive development.

In addition to peaceful, private spaces, our home offers the following:

- **Farmer's Market**
- **Gastro Pub**
- **Cinema & Gym**
- **Spa & Salon**
- **Library**
- **Garden Lounge**
- **GP Office**

From the farmer's market to the in-house gym, we're delighted to be able to enhance our residents' health and wellbeing by providing a variety of entertainment and luxury facilities.

We're thrilled to be opening our own gastropub, too; a space in which we will encourage residents and their families to socialise and enjoy delicious food.

Our Inclusive Design

When designing the interiors of our new home, we were keen to combine style with authenticity and timelessness, yet still offer a space that would provide comfort and stimulate the senses.

An interactive community hub, our home features biophilic 'living' walls, natural wood, stone and glass to offer a wide variety of textures and support our holistic approach to care. Our commitment to sustainability also prompted our decision to include a heat recovery system, as well as environmentally friendly lighting to support natural sunlight.

Our entrance very much mirrors Congleton's aesthetic; visitors are greeted with Congleton redbrick as part of the building's structure, a cafe, bakery and farmer's market to offer a sense of familiarity and community. Aesthetically pleasing sights, sounds and smells combine to create an all-encompassing sensory experience.

Combined with warm colour palettes and plush furnishings, we're looking forward to offering residents and their families a home-from-home.

Communal and Private Spaces

At Priesty Fields, we've placed equal importance on private and communal spaces.

We understand that not everyone feels comfortable with spending prolonged periods in the company of others, and vice versa. That's why we've created peaceful private areas for those who would like some time alone, and bustling, exciting communal areas for those keen to socialise.

We've designed many of these spaces with hobbies in mind. The library, for example, supports those who may wish to spend some time in the presence of a good book; whilst the gym provides an open, uplifting space for those who would prefer to get moving.

Visit Us

We'd love to have the chance to show you around our new home. If you'd like to discover our spaces and meet a few members of our team, just contact Julie Brookes, our care home manager here at Priesty Fields.
